7. A confirmation window will appear – click 'Yes, extend hold' if you do want to extend the hold.

IMPORTANT: Despite the wording of the confirmation window, the hold will add ONLY the number of days which have already expired from the five day period.

For example – a record made available from June 1 will be returned after June 5. If you click 'Extend Hold' on the second, it will only extend to June 6, not add the full five days available to June 10. If you wish to extend the hold to June 10, wait until June 5 to exercise this option.

8. A further confirmation window will appear with the new expiry dates for your record.

9. Only eight records can be ordered for any daily delivery, and a maximum of 24 records can be on order for any given patron at any given time. You can still add records to your selection for future ordering by simply following steps 1-7 for Basic Ordering (above). These will be recorded under the 'My Selections' tab in your Dashboard so you can easily order them in the future by initiating steps 8-12.
